## **Blue Mountain**

There's a place in Pennsylvania that I call my home

At least when I was a child that was where I roamed

The things I did throughout those years, is the reason I couldn't stay, the last few years were the worst, I had to get away

Now that I'm on the road I think about the past, the years ahead and the years behind life isn't meant to last, the only thing I know for sure is no matter where I go there's a place in Pennsylvania that will always be my home

Blue Mountain, Blue Mountain, Blue Mountain

The beauty of my home land is beautiful indeed the mountains and the farmlands an awesome sight to see, but society has gotten dark darkened and in need oh lord I guess I'm damned, damned beyond belief

Blue Mountain, Blue Mountain, Blue Mountain

I dream of going back just to look up in the sky while gazing at the moon and stars I'd find a reason why the reason I can't live here, live civilized, many times flying high I could have died

Blue Mountain, Blue Mountain, blue mountain

I can't stay away cuz of family and my friends but if I go back to stay it's the beginning of my end take this advice from me this advice my friends, take this advice from me I swear its heaven sent, stay away from

Blue Mountain, Blue Mountain, Blue Mountain

## **Bedazzled**

I'm freezing in the summer, I'm sweating in the fall

I got to find an answer to the questions, the questions that bedazzle us all

Rain drops are falling from the sky, tear drops are falling from my eyes, all I can do is sit and ponder, the answers have passed me by

(Chorus) I got to find the answers I've got to find the answers after all, I've got to find the answers to the questions, the questions that bedazzle us all

Many, many years have passed me by now, many, many times oh how I tried oh how I tried to find the answers but the answers passed me by, the answers passed me by now

(Chorus)

## **Another Sad Song**

I'm sitting alone I got left to do than to sing a song about me and you, yeah times are changing rearranging leaving me blue

(Chorus) and the world doesn't need another sad song about broken hearts and broken homes, I'm gonna sing one more and then leave it alone but baby wouldn't you come home

I've been reaching out for piece of mind its' been hard but I'll keep on trying, yeah times are strange, and I'm to blame, but baby I miss you

(Chorus)

I hope someday you'll find the time to make amen's and stop on by, yeah pass my way say you'll stay and that you love my too

(Chorus)

## **Hangin' Round the Beach**

The sun is setting in the western sky, I sit and watch the rising tide, and the reason I've been hard to reach I'm hangin' round the beach, hangin' round the beach

Lovely ladies keep on passin' by, thoughts of passion fill my mind life is sweeter than a peach, I'm hangin' round the beach, hangin' round the beach

I don't worry about the passing time, I don't care how many weeks go by, I love practicing what I preach, I'm hangin' round the beach, hangin' round the beach

(Bridge) my toes are buried in the sand I surely am one happy man, lord have mercy oh what a treat I'm hangin' round the beach

I hope the summer never ends I got so many new friends, the summer sure was hard to beat, hangin' round the beach, hangin' round the beach, I'm hangin' round the beach

## **Sensitivity**

You know I love you, you say you love me, but you got no sensitivity, I take you out you scream and shout what the hell is this all about, you know my love is strong enough but you say that I don't give enough, is it right is it wrong that is why I sing this song

(Chorus) You know I love you, you say you love me but you got no sensitivity, you know I love you, you say you love me but you got no sensitivity

When I call you on the phone your mama says that you're not home, we used to walk mountain trails, lie in cattails, how could our love ever fail, you think it's a joke I'm tryin' to cope give me some hope or give me a noose and a rope

(Chorus)

(Instrumental)

Oh freedom this world spinin' round and I have found freedom, oh freedom I'm jumpin' around I'm getting down I'm free

(Chorus)
